ISSUE

The Los Angeles Unified School District (LAUSD) is the largest school district in the state of California, with over 83,000 employees serving over 680,000 students throughout Los Angeles County. Due to the unique job requirements of certain classified employees, current law allows LAUSD to hire limited classified employees with special qualifications outside of the standard civil service process. These qualifications include specialized licenses, certifications, knowledge, ability or if a specific gender is required for the position.

Over the past few years, the list of LAUSD exempted positions has been revised and updated to reflect changes in classifications and new classifications created to address specific needs of LAUSD students and staff.

SOLUTION

AB 1293 further updates the current list of LAUSD exempted positions by adding an additional nine classifications to this list.

Updating the list will allow LAUSD to appoint limited classified employees in a timely manner and continue its commitment to ensure student success throughout the district.
